

Mailing Labels

Information for website Admins:

Classmate mailing addresses are not required when registering for the website. However, they are very convenient to convey information or announcements to your classmates by mail rather than eMail.

I can send you a printed spreadsheet for your class indicating any missing or sometimes misspelled addresses. This can help in bringing our data up to date.

I can make labels (FREE of charge) if you want to do a mass mailing. Possibly even a 4x6 card that would be post-card size for minimal postage cost.

Address on one side and your message on the back side. You would need to put the labels onto a blank 4x6 card. I will supply everything except the necessary postage stamps.
