LASALLE HIGH SCHOOL
VOLUME 1 NO. 9

SOUTH BEND, INDIANA
FEBRUARY 4, 1966

Home Rooms Ratify S. C. Constitution

On January 27, representatives from the Student Advisory Council went to all the home rooms to have the Student Council Constitution ratified.

The constitution states the name and purpose along with the duties and qualifications of the officers. There is to be a president, vice-president, secretary, and treasurer. The qualifications of the prospective candidates shall be as follows: They must currently be in their junior year of high school and have compiled a 2.0 grade average. They must also have received no "L's" in the year running.

To qualify to be a member of the Student Council a student must have a C average and no "L's."

This constitution also states what shall be done about dismissal and vacancies of Student Council members. It gives details on the meetings of this body along with the source of authority and vote. It makes mention of the election committee, the executive board, and the formation of other committees.

The constitution tells how a petition and an amendment can be submitted, voted on, approved, and put into effect. The final article is the ratification and adoption of the constitution.

After the constitution is put into effect, elections will be held for the members and officers of this year's council.

The question has been asked, "What is the purpose of the Student Council?"

Article II. Purpose

The LaSalle High School Student Council is established as a media for student voice, to promote spirit and pride in those attending LaSalle High School, and to make LaSalle and her students an active and conscientious part of the community and of the United States of America.

Now, what does this mean? A group of students elected from each home room will meet to work on the morale of the student body. They will meet with an adult advisor each week to discuss the activities of the student body. They will try to find ways to better the image of those attending LaSalle, and to help the faculty and the students work together in a pleasant atmosphere.

Consider carefully qualified students in your home room and then support them for election to the Student Council.

'Around the World' To Be Given in May

The production of "Around the World in Eighty Days" will be presented in the LaSalle auditorium on May 5-7 and also at our sister school, Jackson, on April 28-30. The play is being given as part of the dedication of the two schools and also for Dr. Jardine's and Miss Kancer's retirement. Miss Kancer is the director of vocal music for the South Bend school system. They will both have roles in the play.

The cast of 350 characters will consist of students from all eight South Bend high schools. Twenty of them will be from LaSalle. Each school has been given a specific part of the play to present. Mr. James Lewis Cassady will be the director for the play.

Some of LaSalle's teachers will be in charge of certain activities of LaSalle's scene of the play. The assignments are as follows: Mr. Stivers, set design; Mr. Kindt, construction of the sets; Mr. Vogel, music; Mrs. Hunter, choreography; and Mr. Luebke and Miss Nykamp, lighting.

It is important that the students attend the play since it is for the dedication of our school. Try to get out on one of the nights of the performance of the play and attend it.

Art Students Enter Contest

The 1966 Scholastic Art Awards are being sponsored by several counties in Northern Indiana and Michigan. The exhibition dates are from February 12-26, on Robertson's sixth floor.

Some of the classifications are: oils, transparent water colors, pencil drawings, pastels, crayon, charcoal, and many more choices.

There is also another division, which is the photography division. In that section of the contest Pat Moon, a photographer for The Explorer, has entered. One of two color prints entered from South Bend area is titled "Night Life." This picture shows streaks of light from headlights of passing cars. All black and white pictures are 8" x 10". Some of the scenes include country roads and stained glass windows.

Bob Kent, who also takes photos for the newspaper and yearbook, has entered the contest.

Several awards will be given, including $264 in cash prizes in all. First prize is $100, second $50, third $25, and the honorable mention gets $10. A $1,000 scholarship will

(continued on page 2)

Freshman Team Wins Trophy

Faculty admirers of the first trophy won by LaSalle are Mr. Nelson, principal; Mr. Teegarden, assistant freshman basketball coach; Mr. Miller, freshman coach; and Mr. Rensberger, varsity coach.

LaSalle's freshman basketball team brought home the first championship trophy from the St. Joe Valley Tournament. We hope there will be many more in the future like this one. The eleven schools participating were as follows: Washington, LaSalle, Jackson, Clay, Central, Mishawaka, Riley, Adams, and 3 schools outside the city system--Penn, St. Joe, and Marian.

The schools we played were Clay, Jackson, Central, and Adams. The Adams-LaSalle game was played at Adams and we won in an exciting overtime. The final score was 44-39.

The trophy was presented to Coach Miller, Assistant Coach Teegarden, and the team by Bob R. Tuvnock, the tournament chairman. The team members are as follow: Steve Ciula, Dennis Nowicki, Bruce Shafer, Jeff Remble, Jerry Remble, Mike Hasse, Ralph Hay, Ernest James, Jim Dunn, Chuck Henderson, Joel Nix, Jerry Price, and Jim Duncan.

We Lions are mighty proud of our freshman team, who brought home LaSalle's trophy to begin our collection. So from all of us here at LaSalle, we say "Congratulations, team!"

The inscription on the trophy reads as follows:

ST. JOSEPH VALLEY FRESHMAN
BASKETBALL TOURNAMENT
CHAMPIONS - 1966

(See page 4 for game details.)

JUNIORS NAME MEMBERS TO SERVE AS OFFICERS

The juniors held their election for class officers this week. Mr. John Merriman was in charge of the election.

The candidates for president were: Terry Coddens, Michael Heim, John Kirkwood, Steve Nyikos, Mike Scholine, and Earl Vandygriff. The candidates for vice-president were Bob Bujeker, Howard Krausman, James Levindofske, Russ Manly, and Fred Tamke. The candidates for secretary were Nancy Brewer, Kathy Claeys, Arlene Cramer, Nancy Filley, Evelyn Polay, Terry Meehan, Darlene Opaczewski, and Marilee Symon.

The candidates for treasurer were: Vicki Daugherty, Sharon Janssens, Janet Labis, Charlene Ratenski, Paul Sovinski, Leslie Stevens, and Penny Walker.

On January 25 at the junior class meeting the candidates were introduced. The primary election was held January 26 and the top candidates were chosen. Primary winners were: Terry Coddens, Steve Nyikos, Mike Scholine, and Earl Vandygriff, president; Bob Bujecker and Howard Krausman, vice-president; Nancy Brewer, Arlene Cramer, Marilee Symon, and Terry Meehan, secretary; Charlene Ratenski and Paul Sovinski, treasurer.

Results of the election this week will be published in the next issue of The Explorer.

Friday, February 18
School Rings on Sale

NEW BOOKS ADDED

Miss Larson, our librarian, has some very new interesting books available for us to read. Some of these books include John Kennedy, Dag Hammarskjold, Portrait of Myself, The Wall of Shame, and Contemporary Math. The book John Kennedy is about the impact of the life and death of a young, vibrant man upon his nation and the world.

Frosh Edition

Thoughts of "Oh no! Please don't ruin it!" went through the minds of The Explorer staff as they learned that the next issue of The Explorer would be put out by the LaSalle freshmen.

Giving the regular Explorer staff a vacation, the freshmen had complete charge of publishing this special freshmen edition. The planning, typing, reporting, photography, makeup, editing, and advertising was done entirely by freshman students interested in journalism.

These students attended several meetings earlier in the school year. One, at which the regular Explorer staff was also present, a guest, Mr. Duley, from Duley Press explained the procedure of printing our school newspaper.

The past couple of weeks we have worked hard on this special edition. We all feel this is the best issue of The Explorer that has ever been published, and we hope that you think so too. So, bear with us folks, remember, you were once freshmen, too!

CLOTHING CLASSES MODEL FOR 'OPEN HOUSE' STYLE SHOW

The clothing girls of Mrs. Howe's classes presented a style show and open house for their parents and friends on Wednesday, January 26. About four classes or 120 girls participated in this event. They each modeled a shift and blouse which they had made during the past semester.

From Mrs. Howe's point of view the style show went along nicely and without any problems. The parents were very pleased with the work completed by the girls. They were served cookies and punch during or after the show. The parents had a chance to see the room and were free to ask any questions about it.

In the future we hope to have many more events, both formal and informal, to show to the parents, teachers, and friends of the girls.

Editorials

PUT 'EM UP!

"Fighting" can be a good and rewarding thing, provided it is used properly. It keeps up the morale, and can get many needed things completed.

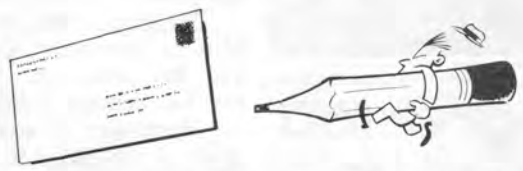
We are a new school; some people still feel we are not quite alive yet. It is up to us to show them we are in existence. That is where fighting is needed. We need people fighting for the newspaper, yearbook, rings, dances, and above all, our games. To make our school the best--the very best, this fighting must be organized and have a sponsor, or at least be a supervised group. We need people with imagination and a strong sense of loyalty.

Then there are times when fighting can be a handicap. That's where there are individual fights of anger. When people go out to deliberately physically hurt another person, fighting is a handicap. Unless it is in the ring, fighting is rarely fair and even then people question whether it should be permitted. This can do nothing but retard the growth of our school, and make our school known only as a "bad school."

In the elementary grades, fighting could be done with a minimum amount of disgust from parents because it is usual for a child to fight. But we must keep in mind it is only permissible for a child. We are expected to behave like adults because we are almost adults and we are expected to act as such. Useless fighting is very childish. And once a very brilliant man said, "Love your enemies, it will drive them nuts."

So you see, we need more fighting, but only in a way that will make our younger brothers and sisters glad we fought, and make them want to join the fight to make LaSalle High School the best high school in South Bend.

It is up to the mature teenagers of LaSalle to decide at what times it is better to avoid a fight or at what times it is best to get in there and fight with all of your might.



A LETTER TO FRESHMEN

Dear Fellow Freshmen:

Rejoice! We can officially declare that we exist! Here a whole semester has gone by, and our fair and just faculty have decided now is the time for a little recognition.

So, hear ye upperclassmen! Knock it off! You really have to face the facts. The members of our Freshman Class have helped to make the Lion's roar heard. For example, our freshmen basketball team took the tourney championship. It was a striking victory against Adams. The team not only gained the championship, but they brought home our first trophy! The freshmen are trying very hard in all other sports, too. They are active in swimming, wrestling, and last fall, football.

First, upperclassmen, reach into the past. Several of you went to different schools. In your freshman year, you were especially loyal to your schools.

You probably did everything to help your school. Well, we want to do that also. We think we have proven our loyalty and want you to recognize it.

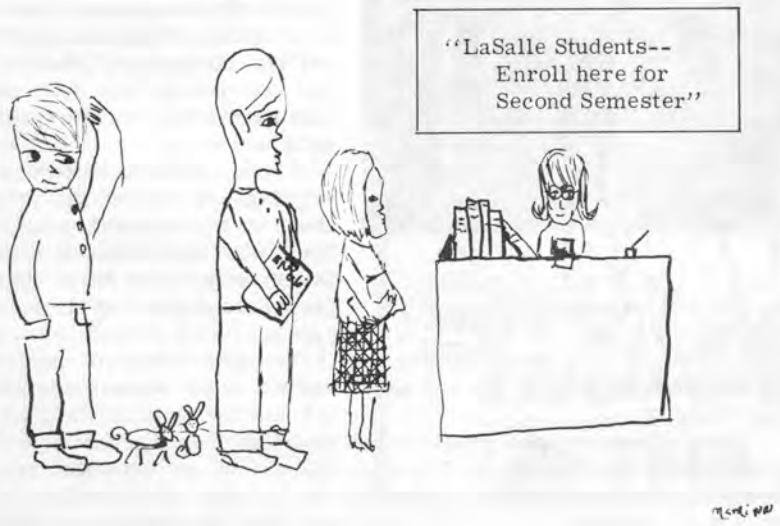
Now, look into the future. We, too, one day will be sophomores and juniors. We then want to follow in your footsteps. With a good start, we can begin a new tradition.

PROGRESS

It won't be long, we all hope. Work is progressing rapidly on the uncompleted parts of LaSalle. The pool will be completed within the following two weeks and swimming classes should be under way by the third week in February.

Passing by the gym, you've probably noticed the floor has been waxed and the gym bleachers are to be set up soon. The little work there is left to do in the dressing rooms should also be completed in the near future. The regulation gym clothing has arrived and will be sold in the Bookstore. Girl's gym shorts will cost $2.45 a pair and the blouse will cost $2.05. Gym fees will be collected along with regular book fees for the second semester.

We hope everything will be completed by April and in time for dedication, which is set for May 1.



Important staff members who take care of our school are these people. The day staff includes (left to right) Mr. Joossens, Mr. Divjack, head custodian; Mr. Witczak, engineer; and Mrs. Huddleston, matron. The night staff includes (left to right) Mr. Wilson, Mr. Lawshea, Mr. Cole, and Mr. Perry.

Custodians, Engineer Keep LaSalle Up To 'Ship-Shape'

At LaSalle there are six custodians, four on nights and two on days. On days are Mr. Divijak, the head custodian and Mr. Joossens. On nights from 3:15 to 11:45 there are Mr. Wilson, Mr. Perry, Mr. Lawshea, and Mr. Cole.

Mr. Witzak, the engineer, has an eight-hour day to put in. Some of his responsibilities are the heating system, the swimming pool filter system, and the outside work, such as the lawn and shrubs. He works a five-day week. He is also in the building when there are any activities. He is also head of general maintenance at LaSalle.

The jobs of the custodial staff are cleaning and waxing floor, caring for the lights, polishing of floors, and also the repairing of any broken furniture. The custodians perform many jobs that are too numerous to mention. There is also a matron on duty, Mrs. Huddleston, and she has a great deal of jobs to fulfill. The cleaning of girls' restrooms, dusting and cleaning the windows and showers are examples of her duties.

We owe a great deal to these men for the maintenance of LaSalle and for the beautiful job they are doing to give LaSalle a fresh and new start. Their work is twice as difficult now, because they have to take care of all the regular students and the older students (construction workers), too!

"Guess Writer" FRESHY

Lookit who's taken over your paper! We suppose all you "big wheels" are holding us in contempt of court or something--but we must have our say, or there'll be a full-scale revolution. Honestly, we Frosh must be 'bout ready to bust with our witty sayings.

First, my answer to "Future Suicide," "Choking," and "Lovesick" on how to get Bill Powers to fall for them: Feed him ragweed and crabgrass every day for lunch and he'll soon worship the ground you walk on. Speakin' of lunch, have you ever seen Alexis Shriver and Jan Sovinski trying to get their butterscotch pie down? It's really cool. Seen Pam Brown's Rolling Stones pictures on the back of her locker? Also magnificent.

Oh yes, I'm sure we all want to convey our heartfelt relief that Pat Prichard is O.K. after her battle with one of the well-known mice. Brother, for a while there, we thought Pat had "crawled off and died."

"Let's All Cheer for" Department:

--for Tom Heyde and Kenny Szczechowski's suspenders.

--for Miss Nowicki, workin' her telephone-dialing fingers to the bone in the Attendance Office.

--for the junior class elections: "May the best man win???"

--for Mr. Hughes, in his battle against the 'sniffles.'

--for the poor mistreated language lab (yeah, let's be more CAREFUL)!

--for Simon and Garfunkle, and also Murphy, lying somewhere with the stake through his heart, and other various items.

And here are a few hot flashes from the newsroom.....

--today Wanda the Witch became the eighth Wanda of the world.

--a home for orphaned dogs was founded in Brazil today; guaranteed to give them a new leash on life.

--the famous mathematics wizard, Cassius Cencelewski, found that rabbits love to multiply.

--while lost on the desert, Raymond Ami went through three packs of camels.

--and the last elephant joke went off to die.

In conclusion I can only say that I can't ever be as articulate (yeah, that's a real word) as "Frenchy", though I'll try 'til I get big and strong. And just remember, friends, that forest fires can prevent bears.

See Y'all,
Freshy

(continued from page 1)

also be given to a high school senior. The photography division's awards are being sponsored by the Eastman Kodak Company. Several students from LaSalle have entered in this contest.

A number of Mr. Stivers' students entered various divisions of the contest. Following is a list of LaSalle art students and the categories they entered: Greg Garbacz, graphic design; Henry Hoy, block print; Fred Lusk and Jerry Stults, opaque watercolor; Pat Pritchard, fashion illustration; Teresa Swanson and Tina Rzepnicki, ink drawing; and Janice Ullery, general design.

'BE NICE' TO '70ers

Is it fair? Is it right? It doesn't seem so. Why are Freshmen so different that they are always mocked by upperclassmen? Here are 12 reactions, from 12 Freshmen when asked "How would you treat Freshmen if you were an upperclassman?"

Jack Van Paris - "I'd treat them just like they treat us."

Judy Samarich - "I'd treat them with respect."

Les Wadzinski - "Like anyone else, I guess."

Linda Badman - "I wouldn't treat them any different."

Bill Goodhew - "I'd probably treat them with respect."

Cherie Fish - "I'd treat them like teenagers."

Tom Campbell - "Just like anybody else."

Gail Hornyak - "I'd treat them right because I'm sick and tired of being treated wrong."

Neil Andrews - "All depends on how they acted."

Rachel Eck - "I'd treat them like some of the Juniors."

Mark Elliot - "To tell you the truth, I'd probably push them around."

Brenda Hanyzewski - "I'd act like I was a lot bigger than they were."

Now that you've read this article, and you've come to a conclusion, PLEASE remember us Freshmen and kindly be nice to us.

Club Members Plan Many Various Activities

SCIENCE CLUB

The Science Club, which is sponsored by Mr. Klingerman, meets every Wednesday. The purpose is to give its members a chance to perform different experiments. Although the meetings are every Wednesday, the members can come in before and after school to work on the experiments. The members are Fred Tamke--president, Steve Nyikos, Gary Jones, Bill Beghtel, Michael Horvath, Alan Hinderfrand, and Mike Kenna. Currently, Bill Beghtel and Fred Tamke are working on an experiment to decompose and recompose mercuric oxide. Rich Horvath, Gary Jones, and Alan Hinderfrand are working on making crystals. In the future, the Science Club plans to take field trips, but nothing definite is planned.

USHERS CLUB

The LaSalle High School Ushers Club is sponsored by Mr. Barkley. The Ushers Club is made up of 27 members, most of whom are freshmen. To become an usher, a student needs two recommendations from subject teachers. These recommendations are to be turned over to the sponsor and the person will be approved by the members of the club. Some duties of LaSalle's Ushers Club are to work at home events such as wrestling, basketball, swimming, plays, and dances. The Ushers Club, like all other clubs, has officers. This year's officers are Ken Marosz, president; George Nevels, vice-president; Tom Barkley, secretary-treasurer; and Leon Davis and Fabian Horvath, captains.

LaSalle ushers have done a fine job. We of the newspaper staff would like to join the student body in saying "Well done!"

FRENCH CLUB

The LaSalle French Club, "Le Cercle Francais" has been meeting on the average of every two weeks. One week it is held at school and the other at a member's house. So far Candace Oehler, Kay Price, and Ilona Hess have held meetings in their homes.

The first meeting consisted of getting together a nomination committee for officers. This included Candace Oehler, Joan Sovinski, and Polly Thompson. Elections were made the following meeting, resulting as:

Candace Oehler, President; Ann Shelly, Vice-President; Polly Thompson, Secretary; and Kay Price, Treasurer.

The first project was to hold a city-wide Christmas dance. The "Off-Beats" played and it was successful from every point.

One meeting the club listened to a talk about France and saw movies from Mrs. Fink, a teacher at Saint Mary's. Her daughter, Polly, was also at the meeting. Recently Aniik Longai, the French A.F.S. student from Washington High School, came to talk about her country, politics, social life and schooling.

TRITONS

The newly-formed water ballet club of LaSalle has been named the Tritons. The following girls have been named the executive board of this club: Cheryl Shumaker, Sue Bennett, Kathy Claeys, Marilyn Majcher, Diane Kapsa, and Nancy Filley. These girls will direct the activities of the club this spring.

A water show will be presented in the LaSalle pool on Sunday afternoon, April 24. This day marks the beginning of LaSalle's dedication week. The Tritons will also be participating during the "Open House" by giving a periodic demonstration of their compositions throughout the afternoon.

USHERS AND GLEE CLUBS WILL SELL I. D. CARDS

Starting February 8 the sale of student I.D. cards will take place. These cards, costing a dime, will have students' school pictures that were taken earlier this year on them. It will be necessary to have one of these cards to be admitted to a school social affair. These will be sold during the home room period by a representative from one of the two clubs.

John Garrage will be chairman of promotion and Ken Marosz will be in charge of sales for this project.

CHESS CLUB

If you happen to be walking past Room 128 after school, you may find that the Chess Club, sponsored by Mr. Hajicek, is in session.

Last January 8, the LaSalle Chess Club played a game with the Chess Club at Adams. The score was 9-1/2 to 3-1/2 in favor of the opponents. In case you are wondering how to keep score, a win counts one point, a loss counts no points, and a draw is one half of a point.

The following people participated in the matches:

Len Unger - board 1, won 2
Jim Wolf - board 2, drew 2
Keith Witter - board 3, lost 2
Bob Holke - board 4, lost 2
Joe Edgin - board 5, lost 2
Wayne Zakrzewski - board 6, lost 2
Greg Kaczorowski - board 7, drew 1

In the future the club plans to challenge Penn High School, Brandywine, and possibly Edwardsburg.

ORCHESTRA

Mr. Fisher is head of the orchestra. He has a small group, but he is looking for more students who play instruments. Mr. Fisher has had a student teacher, Arlene Merry, to help him. This spring Mr. Fisher will take the members of the orchestra to the various junior highs where they will appear in a half-hour program.

BAND

The band has been helpful by supporting the school during the football season by attending all the home games, and during the basketball season by attending two games up to now. They plan to attend the games on February 4 and February 18.

The band also is planning a winter concert at Marquette or Coquillard late in February. From this concert the band will earn money for uniforms for the 55 students of this year's class and the probable 90 of next year's class.

Another way of earning money would be to sell LaSalle car plates to students and parents for a dollar each. The band parents met this week to help organize this sale. They would appreciate your support.

FUTURE NURSES PLAN CONSTITUTION

The Future Nurses Club at LaSalle is in the process of writing a constitution and planning a program for next semester.

The head of the committee is Diane Gaditz, vice-president of the club.

TRIO TO ATTEND STATE MEETING

Miss Hatt, Mike Heim and Arlene Cramer are taking a trip to North Central High School tomorrow to be at a conference on Government Leadership. Senator Birch Bayh will begin the general session by introducing each speaker, who will give a fifteen minute speech.

After the general session, the students and faculty advisor will adjourn to their pre-assigned groups. The groups will meet in four lecture rooms. The students will be able to ask questions of the four government officials during question and answer period.

Senator Bayh will also spend fifteen minutes with each group answering questions concerning the proposed twenty-fifth amendment to the Constitution. The amendment covers Presidential succession and Presidential disability.

The final session will briefly summarize the events of the conference.

FUTURE TEACHERS

On January 5 Mr. Kosana spoke to the members of the F.T.A. about exploratory teaching. Juniors in the club can talk to him about planning exploratory teaching in their senior year.

At this week's meeting Mr. Paul Benz, who is the student teacher working with Mrs. Heritage, talked on the preparation for college requirements in teacher's training. Mr. Benz attended Ball State Teacher's University and gave a large amount of information to the members.

The club has planned a bake sale and a paper drive to earn money for activities they will sponsor.

April 13 will be the date for the City-Wide F.T.A. Coke Party. The LaSalle F.T.A. will host this in the library in celebration of Teaching Career Month.

The officers of the LaSalle F.T.A. are Judy Nagy, president; Linda Vance, vice-president; Debbie Lewis, secretary; Linda Flowers, treasurer; Pat Dudeck, historian; and Dick Davidson, business manager.

JUNIOR ACHIEVEMENT TRADE FAIR

The Junior Achievement Trade Fair is on February 19 and 20. It starts at twelve o'clock noon and ends at nine p.m. It will at the Junior Achievement Center, 941 Louise Street. All Junior Achievement Companies will exhibit their products.

The tickets can be obtained from any Junior Achievement member.

GYM CLOTHES ON SALE

The gym outfits are now on sale in the bookstore before and after school and during homeroom period on Wednesday, Thursday, and Friday. The white blouses are $2.05 and the blue shorts are $2.45.

LaSalle Reigns Over Freshman Tournament

VARSITY OVER CLAY

LaSalle took a giant step toward basketball maturity Tuesday night by defeating Clay 69-61. This was LaSalle's seventh victory in 11 games. Lyle Wamsley scored 18 points for the Lions before fouling out with 1:59 to go. Joe Kagel had 14 points, while Jerry Remble scored 12. Husky Albert Frazier contributed 10 points, and Tom DeBaets had eight. Paul Sovinski played during the second half only, scoring two field goals.

LaSalle hit 27 out of 62 shots for a 40 percent shooting average.

LaSalle	B	F	P	Clay	B	F	P
Frazier	5	0	4	Bratina	1	6	0
Kagel	6	2	4	Singleton	1	0	3
Wamsley	7	4	5	Papczynski	5	2	4

				Kodba	1	3	2

LaSalle	9	32	52	69
Clay	12	30	41	61

Freshman champions who won LaSalle's first trophy in the St. Joseph Valley tournament are shown above. Kneeling, from left, are Dennis Nowicki, Bruce Shafer, Jeff Remble, Jerry Remble, Mike Haase and Ralph Hay. Standing are Earnest James, Jim Dunn, Chuck Henderson, Joel Nix, Jerry Price, Jim Duncan and Coach Miller. Another team member, Steve Ciula, is not in the picture.

LaSalle's freshman team won four straight games and the St. Joseph Valley championship, bringing home the first trophy for our school's shiny, new, and previously empty trophy case.

LaSalle won the first two games with Clay and Jackson easily. Jeff Remble was high scorer in the Jackson game.

The following Wednesday LaSalle nudged out Central, 35-34. It was a defensive game in the first half. The halftime score was 12-10 LaSalle. The second half Jerry Remble picked up the pace for the Lions and finished with 10 points. Jeff Remble hit the two free throws that won the game.

The Lions' next foe was Adams on their home floor. At their first meeting Adams won by 20, but their rematch was a different story. Jerry Remble again played a good game and collected 12 points.

The lead switched many times. The game was tied at 37-37 with one minute left and LaSalle put on a stall waiting for the good shot, then missed.

The game went into a three-minute overtime in which LaSalle outscored Adams 8-2. The final score was 45-39.

LaSalle	B	F	P	Central	B	F	P

LaSalle held Wanatah to one field goal in the fourth period to take a 64-59 high school basketball victory from Wanatah Saturday night. It was the eighth victory in twelve outings for the Lions and also their third straight. Wanatah is 4-11.

Al Frazier led the Lions with 15 points. Lyle Wamsley followed with 13. Bob Young was high for Wanatah with 18.

HEADLIONS
by Paw

Hats off to the freshmen basketball team and their coach Mr. Miller! They won the first trophy for the Mighty Lions. Now it sits in the trophy case next to the gym for every upperclassman to admire. So, come on upperclassmen, can't you see that it's lonesome? We need a few more trophies. I am sure that we will get them!

Mr. Lewandowski, LaSalle's sparkling toastmaster, made a glittering speech at the football banquet the other night. He had the unique experience of introducing both the athletic director and toastmaster. Mr. Lewandowski's humor was enough to drive a self-respecting lion back into his cage. For instance, when introducing our head football coach, he said, "School City wanted to make the right choice for LaSalle's football coach. While reviewing Mr. Klaybor's qualifications for the position, they noticed that he was a member of a taxidermy club. So they figured that anyone who knew taxidermy had to know his stuff!" (Groan! Ouch! The football players can't take too much of this sick humor, you know.)

That football banquet was the best thing that has ever happened for LaSalle's mice. Don't worry, the Lions and their parents enjoyed it, too. I really think we have the wrong mascot here. It's obvious that LaSalle has enough mice for three football teams, five basketball squads, and two hockey teams. I can see the headlions now: "Lions of LaSalle vs. Mice of The Field."

One thing about our new gym has me worried. What are those cages for in the back? Have a little heart, Mr. Rensberger. Just because the poor guy fouled out, you don't have to lock him up. The other explanation for the cages is that we'll keep our mascot there. The mice are already there, and I doubt that the Humane Society would approve of our keeping a lion in LaSalle High.

Our basketball team won a status-filled victory at Clay on January 25. Woodie was wrong again! Pretty soon he will have a little more faith in us. Maybe?

Lions Fight Tigers Tonight

LaSalle's going after its second win over Jackson's Tigers. The game will be played at Clay tonight at 8 p.m.

The last game between LaSalle and Jackson was won by the Lions 60-55. It should be an even match. The Lions in the last game were led by Paul Sovinski with 20 points, and followed by Albert Frazier with 15 points. Dennis Parrish led Jackson with 19 points.

Cadets bow to Lions

LaSalle won its sixth basketball game Saturday, January 22. The Lions defeated Culver Military, 79 to 78. Lyle Wamsley scored 25 points for the winners. Joe Kagel added 18 to the effort for the Lions. The leading scorer for the Cadets was Pete DePrez with 24 points.

LaSalle	B	F	P	Culver Military	B	F	P
Frazier	3	2	5	B. Osborn	1	0	2
Kagel	7	4	3	Dugas	0	1	2

LaSalle	24	45	68	79
Culver Military	18	39	57	78

Awards Given To Athletes

On Wednesday, January 26, the parents of the LaSalle football players held a banquet to honor the football team and the coaches. Fifty-five players and their parents attended the potluck dinner in the LaSalle cafeteria.

The highlight of the evening was the presentation of "Sdrawa." The Sdrawa, "awards" spelled backwards, were in the form of letter sweaters for twenty-three members of the varsity squad. Mr. Nelson and Mr. Lewandowski presented the sweaters to the following boys: Neil Andrews, Tom Heyde, Jerry Price, and Tom Shelley--all freshmen; Everett Bingham, Ron Chamberlain, Benny Karasiak, Bill Lee, and Terry Martynowicz--sophomores.

Sophomores Tim Meehan, Donald Monhaut, Bob Paul, Neil Shambry, and Dennis Yost also won letters. Juniors Bill Ayres, Paul Chmilewski, Larry Hochtel, Pat McCue, Robert Rychuralski, Mike Scholine, Tony Sims, Gary Wolkiewicz, and Terry Meehan complete the list of letter winners. The sweaters are black wool pull-overs with the letters SB in red on them.

Mr. Lewandowski, our athletic director, served as toastmaster. Mr. Nelson thanked the parents for their help and support. Mr. Wegenke introduced the freshman football team and Mr. Teegarden introduced the varsity. Mr. Klaybor reviewed the season and narrated the film of the Jackson-LaSalle game.

STUDENTS BOOST BOOSTER CLUB

The purposes of the LaSalle Booster Club, sponsored by Mr. Hughes and Miss Johnson, are as follows:

(1) To boost all school athletic teams.

(2) To raise funds for athletic activities.

(3) To arrange for buses to take students to athletic functions.

(4) To promote pep assemblies and to boost the school spirit.

On a recent membership drive there were 500 membership cards printed, and all 500 were bought. The black sweaters that have been seen around school with S.B. (South Bend) on them were part of the club's projects for this year.

On the agenda for next year the club plans to do such things as having a pep assembly with an exchange of cheerleaders from Jackson, meaning that Jackson cheerleaders would come and cheer for our home game and ours would go and cheer for theirs. There might also be a trophy or some other object exchanged between the two sister schools.

Perhaps athletic awards will be given to the majority of our athletes. There may also be a basketball game between the men members of the faculty and the male members of the basketball team.
