

EXPLORER WILL HOLD "COKE DANCE"

VISION AND HEARING TESTS ADMINISTERED

Vision and hearing screening was done at LaSalle during the week of February 14. All health classes were screened. A new approach was made using group equipment which allowed an entire class to be tested at one time. "The students seemed to enjoy this method," said Miss Shellenberger, the school nurse.

TB skin testing will be done on April 11. All juniors, faculty and staff will be tested at that time. Representatives from the Tuberculosis Association will be at LaSalle to conduct the tests.

The school nurse, Miss Shellenberger, feels that "these screening tests are important to detect health problems that might go unnoticed for months or even years."

Here Mr. Singleton and the band practice for the concert which is to be held March 10.

Band Concert To Be Presented

On March 10, at 7:30 p.m. the LaSalle High School band will give its first band concert at the Marquette School auditorium. There will be a general admission of 50¢ for both students and adults.

The Marquette School bands will also play that night. The bands, A and B, will play separately, only coming together for their final piece, "When The Saints Come Marching In."

After this part of the program is over, the LaSalle band will begin to play. They will play a medley of songs from "The Sound of Music." The medley will be played as one continuous song but will include "Sound of Music," "Climb Every Mountain," "My Favorite Things," and "Do Re Mi." The LaSalle band will also play "Semper Fidelis," a march by John Phyllip Sousa, a novelty called "Train in the

Night," and Henry Mancini's "Pink Panther" theme.

In the concert LaSalle will feature its first cornet player, Lester Thornberg. He will play a solo, but will be accompanied by the band.

The present LaSalle band has 56 members, but by next year they expect to have about 34 more, bringing the total to 90. For its members the band has ordered one hundred new uniforms. The uniforms are conservative. The concert uniforms are black with red trim. When the band goes marching, it will add a scarlet overlay which will cover the chest back and shoulders of the uniform. The overlay also has a military collar.

In the middle of May the LaSalle band will give another concert. This one will be held at LaSalle.

PAPER CHOOSES BEST "STAFFER"

Explorer staff members are participating in the annual recognition of the Most Valuable Staffer by the South Bend Tribune.

This award is given each year to a member of the school newspaper staffs by a representative from the Tribune at an appropriate ceremony near the end of the school year. The winner of this highly valued award will receive a plaque on which will be engraved his or her name and the name of the school. There will be adequate publicity about it in the Tribune. A list of journalism scholarships available at different colleges and universities will also be given to the winner.

The recipient of this award is to be chosen by the advisor and staff of the newspaper and is to be the person they think has contributed the most to the paper. Sometime in the month of April, Mrs. Nelson, Explorer advisor, will ask for nominations for the Most Valuable Staffer from her staff. Shortly afterwards an election will be held among the staff.

There are three basic requirements the nominees must meet. 1.) He or she must be a good student. (Explorer staff members must have a "C" average.) 2.) He must have been a member of the staff for at least one year. 3.) He should be the person who has made the greatest contribution to the success of the paper, regardless of his position.

SCIENCE CLUB

Science Club members are busy preparing their projects for the Science Fair. The Club as a whole is investigating the properties of crystals, their growth and development, and their production of different geometric patterns. They are also working on biological experiments.

ACADEMY PROGRAM PLANNED

On Tuesday, March 29, Midshipman Douglas May will be here to speak to all boys interested in going to the Naval Academy at Annapolis. Mr. May, a student at the Academy himself, will meet with the boys in the library and show a movie at 3:15. He is a graduate of John Adams High School and will talk about student life and activities at the Academy.

PHONOGRAPH, OTHER PRIZES TO BE GIVEN

Come one! Come all! to the dance at LaSalle High School. The Coca Cola Company will supply free cokes and Joe Kelly will be our disc jockey. Loads of door prizes will be given and you could win the bonus prize--a four-speed Westinghouse phonograph. This "coke dance" will be sponsored by the EXPLORER staff in the cafeteria Friday, March 11 from seven-thirty to ten. Tickets must be purchased in advance. They will be available from any staff members at school for fifty cents. No tickets will be sold at the door. School attire is to be worn and the dance will be properly chaperoned. Let's make this a whopping success. See you at the dance!!

Science Fair

On March 18-19

The 1966 Science Fair will be held on March 18 and 19. Anyone is welcome to enter. An application blank can be obtained from any of the science teachers. If any help is needed or if any students have questions, the science teachers would be more than glad to assist. If you plan to enter, be sure and register now. LaSalle would like to be well-represented. Any high school student may enter; however, any student in the tenth grade or up is required to write a paper on research, data, and conclusion of his experiment. This paper will count considerably in judging the entries. This report may also be entered in the Ford "Future of America" Awards Program and other programs of recognition. Each winner will have the right to go on to the Regional Science Fair to be held at Manchester College on April 16.

A contestant may enter only one exhibit. Credit for help from other students, teachers, or parents must be a part of the exhibit.

Ribbons will be given for best entries, besides the opportunity to go on to the Regional Fair.

Be sure to register soon and help LaSalle be well represented. Everyone has a chance to win! There are several students already planning to enter.

Finance Conference Held At Notre Dame

Last Tuesday Marcia Katz and Ann Shelley attended a conference sponsored by the Scholarship Association of Indiana Colleges and Universities. The purpose of the conference was to let students know what kind of Financial Aid is available to them. Marcia and Ann were asked to participate in the conference so that this vital information could be brought back to the students of LaSalle in the Explorer. In future issues this information will be introduced.

The program had many guest speakers, including Congressman John Brademas, who is a member of the House Education and Labor Committee.

VOL. 1 NO. 11

STUDENT COUNCIL OFFICERS WILL BE ELECTED FRIDAY

Results of the Student Council primary elections held on Monday, February 21 have been announced. The candidates for the primary election were Valerie King, Russ Manly, Tony Menyhart, Steve Nyikos, Paul Sovinski, and Fred Tamke for president; Dave Johnson, Ken Krzyzaniak, Ann Shelley, and Miriam Weinstein for vice-president; Kathy Demske, Cindy Paxson, and Evelyn Polay for secretary; and Connie Dimich, Mike Scholine, and Marilee Symon for treasurer.

These candidates were eliminated to be no speeches. Brief articles about why the candidates want to be elected are on page three. Ballots will be distributed in homeroom Friday and each student will be requested to vote for one student for each office. Mr. Miller will be advisor to the Student Council after the officers are elected. Representatives will be chosen shortly after the election of officers.

Campaigning will be allowed for this election. Each candidate may have his own posters and badges, but there will

Pictured below are the candidates for Student Council offices.

BANQUET PLANNED

An awards banquet may be held in the spring. The banquet will honor the boys who have participated in basketball, wrestling, and swimming. It is proposed to have one banquet next year for all sports; however, awards will be given at a scheduled assembly. This event would take place at the end of each "sport" season for our school.

NAMES OMITTED

The following students were omitted in the last issue of the Explorer on the honor roll: Lucette Janowiak, Carol McClean, Steve McDaniels, Linda Nowicki, and Rita Smith.

AND NOW A WORD FROM OUR SPONSOR

Ladies and gentlemen, we take you now to the floor of the convention hall in LaSalle City where the keynote speaker is about to deliver the keynote address.

"Delegates to the convention, I am honored to be here tonight as the keynote speaker. I always welcome opportunities to express my thoughts about running the government of a large high school such as yours.

"I trust that you here at LaSalle have the same standards for your candidates to measure up to and the same ideas as to what kind of person a candidate should be.

Another long-winded keynote address, Chet. Yes, David. Ladies and gentlemen, stay tuned to this network for our regularly scheduled broadcast.

FRENCHY

Dear Diary, "Hello fun lovers of America!" is the usual greeting of MIKE MC-CUE on the day before the paper goes to press.

How many of you LaSalle-ites have noticed the overhead projectors in every classroom? The program schedule for the following week is.....

- Monday: MRS. CARROL -- "You Don't Say"
Tuesday: MR. SINGLETON --- "Have Music Will Travel"
Wednesday: MR. HUGHES -- "The ELF Club"
Thursday: MISS JOHNSON ----- "Where the Action Is"
Friday: MR. RENSBERGER ----- "World Wide Sports"

It has been brought to my attention, Diary, that MR. HOFFMAN'S German classes are about to revolt if he doesn't wash his blackboards.

Isn't it nice that MR. MILLER'S students think so much of him? They even turned all his maps upside down so that he would have something to read while he was practicing his yoga.

How many of you Lions recognize this well known guy from LaSalle?

- ops in basketball
odles of fun
an alive
eyilish eyes
ffective on the court
asks in the limelight
bit cute
xuberance plus
alented
upercalifragilistic

Must dig into my memory lessons; the gossip union is touchy about those things. Au revoir until St. Pat's Day when all good Frenchys celebrate their ancestry.

FRENCHY

P.S. Remember, diary, an arrogant bug is a cocky roach.

Calm and unhurried, the English Department poses for an Explorer picture. In the back row, Mrs. Nelson, Mrs. Silverman, and Mr. Merriman. Miss Nykamp, Mrs. Heritage and Mrs. Carroll are in the front row.

REQUIRED READING

The English Department is the largest department at LaSalle. The staff includes eight full-time English teachers and two who teach only one English class.

Mrs. Heritage, chairman of the English Department, was graduated from Ball State where she received a Bachelor of Arts. She teaches two junior and two sophomore classes.

Another graduate of Ball State, Mr. Merriman, teaches three freshman and two junior classes, which are all work-

ing on grammar. He received his Bachelor of Science at Ball State and did his graduate work at Notre Dame.

Mrs. Carroll teaches sophomore and junior classes. Her sophomore classes are reading short stories and doing research projects on Shakespeare.

Mrs. Nelson, a relative newcomer to the teaching profession, has four English classes, two junior and two freshman. Graduating from Ball State, she received a Bachelor of Science in language arts while minoring in journalism and speech.

SURE AN' B'GORRA, IT'S THE LUCK OF THE IRISH

Many of you may have noticed that March 17 is just around the corner. This is a special day for all people of Irish descent. Wherever Irishmen live, the day is celebrated with parades, speeches, and dinners.

Miss Nykamp, a graduate of Hope College in Holland, Michigan, received her Master's Degree from Michigan State University. She attended Notre Dame last summer and is now doing work at Indiana University.

Students in Mr. Luebke's English classes are reading Silas Marner and participating in panel discussions. He attended Valparaiso University, and was graduated from Bethel College.

Mrs. Silverman teaches five freshman English classes, which all are studying paragraphs. A graduate of Indiana University, she received a Bachelor of Science in education with a major in English.

Mr. Lewandowski teaches freshman English classes along with developmental reading. His classes are doing book reports.

Miss Dienhart and Mr. Hoffman also teach one English class each.

BOOSTER CLUB

Elections for Booster Club officers will take place in a few weeks. Booster Club members will be the only people allowed to vote and to run for office.

Members are also planning a faculty basketball game for sometime in March.

LHS NEARS COMPLETION

Students Pledge Loyalty To S. C.

All students running for offices in the Student Council election were required to state "why I should be elected" before they were accepted for nomination. They appear here in their original, unedited form. Please read them carefully and judge these people before you vote. Pictures are on page one.

Steve Nyikos

If I am elected president of the LaSalle High School Student Council, some of the achievements I would like to make for our school are as follows: 1) to get a student directory printed and sold among the students, 2) to have at least one "All School Dance" before the end of the year if facilities permit, and 3) to perform the duties of the office to which I am elected. The purpose of these activities would be to obtain some funds for the Student Council Treasury and to get the students of LaSalle better acquainted with each other and other schools. These would also help to promote the "LaSalle School Spirit."

Paul Sovinski

If I am elected to the LaSalle Student Council I believe I can help our school in several ways. Being raised as part of a large family has taught me the principles of unselfishness, togetherness and obedience. While participating in sports I have learned the importance of teamwork and fair play, and the spirit of cooperation. If I can be part of the Student Council and assist in the programming and fostering of these ideals I believe my background will speak for itself. I can help influence good social behavior and can help in the furtherance of our "school spirit."

David Johnson

LaSalle needs something to bring the students closer together into a united student body of LaSalle High School. The student body needs a common source of leadership to follow. I believe the Student Council can be this leadership. The establishment and efficient functioning of a good Student Council could mean a greater unity in the student body, for each student has an equal chance to express his opinion, and if elected a leader of this Student Council I will do everything possible to aid in the establishment and functioning of a successful Student Council.

Ann Shelley

I hate to be so presumptuous as to say that I can help LaSalle, but I know that if elected I will try my best to help build LaSalle into a really "great" school. If I were elected to an office, I would use my position to help make the Student Council a co-ordinated organization which would support all school activities and boost tradition at LaSalle.

Kathy Demske

For a new school you need a hard worker that wants to get involved with the school as well as the students. You are expected to get to the point of any problems that may arise. There should be a desire to push school spirit and to unite the students. They should be shown the way of being our future citizens by the influence of our rules. The established Student Council could make plans for the incoming freshmen in the years ahead, such as having an orientation to introduce the surroundings.

Cynthia Paxson

By being elected secretary, my main job would be to keep accurate records and minutes of meetings. This is by far the most obvious, but there is also correspondence information to be verified, and many other secretarial jobs. Also, as an officer of the Student Council, a great responsibility is placed on the officer for his actions, as he is a representative of his student body. Complete backing of the Student Council and all school-sponsored activities, sports and otherwise, should be backed by any officer. I would try to help communication between school and student as best I could through the Council.

Connie Dimich

As Treasurer, I would give my time and energy to this office as well as to the whole Student Council. I would try my best to participate in all the activities and projects as well as the meetings of the Student Council. Being in this important school office, I would try to follow the high standards of the school and attempt to be a good example to all. My thoughts and ideas will be for the good of the student body. I would keep an accurate record of our money. Also, I would support all projects which I think would be of importance to the student body and council.

Mike Scholine

I can help LaSalle have a better student government if I am elected. I am willing to work hard. I will be present at all the meetings. I will be loyal to my school and support all its activities. I know that LaSalle has a chance to be great and I would like to help make it that way. I also wish to serve the students of LaSalle. I wish to help start school spirit and have people proud of our school.

F.T.A. Gains Charter Dedication Is Set For May 1

The Future Teachers Association of LaSalle High School, sponsored by Mrs. Heritage, held a paper drive on Thursday and Friday February 24 and 25. This was the organization's first money-making project, and was organized by Dick Davison and a committee made up of volunteers from the club. Some more future projects are in the idea stage.

teaching careers and future benefits of the Future Teachers of America.

FRENCH MEMBERS HAVE BAKE SALE

"Enjoy getting fat by eating our bake sale goods," was the sentence uttered by all French Club members. On Saturday, February 19 the French Club held a bake sale at Ernie's Supermarket. Many members baked cakes, pies, cookies, cupcakes, and brownies for the sale. Everything was sold, and \$25.50 was made throughout the day. To promote business, several members gave away free samples to customers in the store.

In the near future, the French Club is planning a joint meeting with Jackson's French Club.

All LHS French Club members have been invited to see a French movie at St. Mary's Academy sometime near the end of March.

It won't be much longer now, and maybe too soon for some students. The pool, gym, and auditorium are progressing rapidly. The pool is expected to be completely finished by the 15th of February, and the dressing rooms will be finished by March 1. That is probably the date on which gym classes and swimming instructions will begin.

As for the gym, some students will probably be very disappointed. The gym, as itself being completed, will be ready by February 21 without bleachers. There won't be any basketball games played in our gym this year. It will, however, be opened for school activities. So be PATIENT.

The framework of the auditorium will be completed by the 1st of March, and will be completely finished by April 1 in time for dedication.

The clearing of the fields and the preparation for a football field, basketball courts, track and tennis courts will begin in the spring and are said to be finished by school time in September.

Dedication is set for May 1.

Pictured here are, from left to right: deep end of the swimming pool, unfinished auditorium showing stage and orchestra pit, upper deck of gym, hall at west end of gym, gym from door nearest cafeteria, scoreboard, pool from deep end. This is for the benefit of those students who have not yet seen some of the unfinished parts of the building. Mr. Nelson has asked all students not to enter those sections of the building still under construction as the construction insurance will not cover any injuries incurred by students.

WASHINGTON ROMPS PAST LIONS

Trying to improve--Lion matmen battle each other in practice. At the left, Neil Shambry tops Bob Macon, while Ron Chamberlin checks Jeff Harmon.

Wrestlers Pin Foes For 6 Wins, 3 Losses

LaSalle's matmen have closed their first season, losing to Niles by a score of 47-3. With six wins, three losses, and one tie, the wrestlers have had an enviable season for any school, let alone a new one with its first season.

Next season everyone will be back with twelve meets scheduled.

The lettermen this season are Dave Sims (95 lbs.) 7-3, Jim Statzell (103 lbs.) 8-2, Tom Statzell (112 lbs.) 8-2, Billy Lee (138 lbs.) 8-2, Tony Sims (145 lbs.) 6-1, Jim Johnson (133 lbs.) and Bobby Macon (120 lbs.).

Jim Statzell pinned seven of his ten opponents. The quickest pin was in forty seconds by Dave Sims against Jackson.

The Recreation Department, headed by Mr. Paul Boehm, has moved to new quarters at 727 South Eddy Street, the old National Guard Armory. The new telephone number is 289-4851.

LHS Students Capture Spirit In Sectional

Sharing the laurels of victory and the agony of defeat, the student body has supported and still is magnificently supporting their athletic teams. As fans, you take part in the sport as if you were playing it, and this is good. The reason it is good is because you act as inspiring assistants. You can make, and you have, a sluggish team into a smooth-running one. So, in a sense, you act as miracle workers.

An example of your loyal backing was in the South Bend sectional last Thursday. You received recognition from local sportscasters as you repeatedly drowned out the Washington cheering section. Radio listeners could hear only the roar from LaSalle's side of the court. You surprised not only the sportscasters by your cheering, but also the Panthers. Washington was wondering how such a young school could make such a big noise. Both the student body and the cagers were particularly up for this game.

But your enthusiasm for victory isn't only demonstrated at a basketball or football game. During pep as-

semblies you have let yourself go, so to speak. You become more hungry for winning when you meet cross-town rival Jackson.

What you have achieved in one year takes other schools two or three years to accomplish. So congratulate yourselves, give yourselves a pat on the back--you deserve it. Keep up the good work, but remember track and baseball still lie ahead. You are not finished with a good job yet. In fact, you have just made a tremendous beginning.

PANTHERS TAME LIONS IN FIRST SECTIONAL

LaSalle's basketball Lions fought off a much taller Washington Panther squad for two periods, but finally succumbed to a 30-point third period and dropped an 80-42 decision to the hosts in the Lions' initial game of the South Bend Sectional Tournament.

The Panthers will play their next game Saturday afternoon against the Clay Colonials.

After a miserable three of 16 from the field in the first period and finding themselves down by a 9-7 score, the Panthers caught fire and outscored the Lions by 40 points the rest of the way.

Led by Charlie "Boxcar" Black's 20 points the Panthers had good balance with nine of 10 players hitting the scoring column. The Lions managed only six. Black scored 10 of his total in the third period when the winners turned the game into a rout. He hit on eight of 16 attempts from the field and four of five from the charity stripe.

After the Lions' slim lead at the end of the first period Subby Nowicki's defending sectional champions built up a 31-20 halftime lead. Then the Panthers raced off to an insurmountable 61-30 score going into the final eight minutes of play.

Jim (Red) McElhane, the only letterman from last year's team, was held to only 13 points due to a superb defensive effort by Lions' Tom DeBaets. McElhane scored on five of 13 from the field and three of three from the free throw stripe. Nine of his 13 points came in the third quarter.

The best the Lions could manage was a 14-point effort by top scorer Lyle Wamsley on seven of 14 field goal attempts. Al Frazier was second best with eight points.

Washington's Bill Kirk was the game's only other scorer in double figures with 12.

The Lions could only manage two of 11 free throw attempts for 18 percent and 20 of 57 from the field for 35 percent. The Panthers, on the other

hand, made 10 of 15 from the charity stripe for 67 percent and 35 of 75 field goal tries for 47 percent.

Wamsley was the only player to foul out in the contest, that coming in the final quarter.

The Lions in their first season ever of varsity basketball ran up a fine 11-6 record, one of the best standing in the city, and also were ranked as one of the top 30 teams in the state.

Wamsley's 32 Points

Pace Final Triumph

The LaSalle basketball Lions ended their first regular season of play with a 78-69 triumph over Bethany Christian at Riley's gym. A winning mark of 11-5 was recorded by the Lions.

Down by eight points, 22-14, at the end of the first period, the Lions put on a spurt that carried them to a 34-32 halftime lead. Forty-four points were scored in the second half by the winners.

Lyle Wamsley became the first player ever to score 30 points for LaSalle as he tossed in 32 to pace all scorers. Tom DeBaets cushioned the win with 16 points and Jerry Remble had 12.

Bethany Christian dropped below the .500 mark with a 6-7 record. LaSalle also won the B game, 53-43.

HEADLIONS by Paw

In recent games, LaSalle's basketball team has shown tremendous improvement and has impressed even local sportscasters. Last week's sectional proved no different.

Washington made its debut to the sectional with point smorgasbord. LaSalle served as the main dish which Washington gradually gobbled up. But the Panthers discovered that the romp was going to be easy, especially in the first half.

A couple of Panthers looked like runaway tanks. These along with the carrot-top led the assault against our cagers. Despite these advantages, the Panthers express didn't get rolling until the second half.

Looking over the entire season plus the sectional, the LaSalle basketball team was great, not just good. For a first-year team, the Lions demonstrated their will to win by refusing to give up despite the odds against them. In this author's opinion, this young team is going to go far. Already LaSalle has started a winning tradition which would have taken other new schools a couple of years to do. The teams and the student body ought to be congratulated.

The wrestling team has also represented LaSalle well this year. Their record of 6-3-1 demonstrates this fact thoroughly.

So far I have mentioned the teams, but special thanks go to the student body and faculty who supported LaSalle so well. They have done what I call a tremendous job, also. Support your Lions!!
