TRAMPLE
THOSE
TIGERS!

VOL. II NO. 2

LASALLE HIGH SCHOOL

OCTOBER 10, 1966

OFFICERS CHOSEN BY SENIOR CLASS

The Senior Class had the task of electing a President, Vice President, Secretary, and Treasurer. Last week, they chose leaders they felt were best qualified to represent them. These people are committed to work for the ideas that Senior Class brings up and to promote them in all endeavors.

In order to have a fair election of officers for the Senior Class which were free from the influences of outside organization or economics, the following rules were set forth:

1. Any student wishing to run for a class office must have had a petition signed by at least fifteen students and three faculty members.
 2. Any student now serving as president of either Student Council or National Honor Society was not permitted to run for the office of class president. This did not apply to the other offices.
 3. Voting in the primary was done by secret ballot.
 4. The primary candidate list was presented to the principal for review and approval to the preparation of ballots.
 5. A deadline was set for turning petitions in.
- After the primary election, the candidates were presented to Mr. Nelson for approval.

Primarys were to be held Tuesday, October 4, during homeroom. The final election was to be held Friday, Oct. 7.

Chosen for candidates were: President--Earl Vandygriff and Jim Bromley; Vice President--Howie Krausman and Ann Shelley; Secretary--Arlene Cramer and Marilee Symon; Treasurer--Katie McLean and Charlene Ratenski.

NEWS BRIEFS

Do you know---

Mr. Hoeval has recently been appointed as a faculty representative to the Superintendent's Advisory Committee from LaSalle? This committee meets under Dr. C. Holt, Superintendent of Schools, each month. The purpose of the committee is to discuss how education can best be improved in the various schools.

Do you know---

The National Honor Society is selling sweatshirts for three dollars each? The Student Council dance is claimed to have been successful with nearly 600 students attending and making a profit of \$230.

FOOTBALL COURT SELECTED

STUDENTS CHOOSE LASALLE QUEEN

LaSalle and Jackson are beginning a homecoming tradition a year early. Although neither school has had a graduating class, a football queen and her court will be selected from each school in a dress rehearsal for a first homecoming.

Voting for the football queen will take place this Thursday, October 13. Seniors, juniors, and sophomores will receive ballots during the home room period. Freshmen will not be allowed to vote. The ballots will list the eight members of the court; each student may vote for one girl. The girl receiving the most votes will be crowned queen on Friday night.

The queens will be crowned during the half-time ceremonies of the LaSalle-Jackson game. Mr. Nelson and Mr. Earley, principals of LaSalle and Jackson respectively, will crown the football queens from their schools.

Micki Bickel, Arlene Cramer, Dianna Douthart, Nancy Filley, Linda Flowers, Lynn Nash, Charlene Ratenski, and Marilee Symon comprise the football court. In selecting the court, seniors voted for two girls from a ninety-seven member slate. The list contained the names of every girl in the senior class. The top eight girls were named to the court. The preliminary balloting took place on October 3.

It is hoped that a trophy exchanging tradition will be started this year, too. Members of the Jackson football court committee have suggested using a large wagon wheel as a traveling trophy. The wagon wheel would be a LaSalle-Jackson version of the Indiana University-Purdue "Old Oaken Bucket". The wheel has been donated to Jackson. It will be sanded, shellacked, and promoted to the status of a symbol of the rivalry existing between the two schools.

Each year, one spoke of the wheel will be painted the colors of the winning school. The victorious school will keep the trophy for a year.

One of the eight girls on the football court will be crowned at Friday night's LaSalle-Jackson game. From left to right, seated, are: Charlene Ratenski, Lynn Nash, Dianna Douthart, and Arlene Cramer. Standing (left to right): Marilee Symon, Marilyn Bickel, Nancy Filley, and Linda Flowers.

Handbooks To Be Published

LaSalle's Booster Club, under the direction of Mr. Hughes, is organizing plans for a Football Handbook. The handbook will feature many interesting articles and pictures of all the football teams. There will be a picture of the Freshman team in action and a group picture of the "B" team. Individual pictures of all the seniors along with a group picture of the varsity team will highlight the Handbook. Each senior picture will be accompanied by a small writeup. There will also be pictures of Coaches Klaybor, Teegarden, Wegenke, Vargo, Murry, Gleason and our principal, Mr. Nelson. Individual pictures of the cheerleaders will be included.

LaSalle's Student Council, under the direction of Mr. Miller, is also planning a student publication. A committee has been chosen to lay out the plans for the school's first Student Directory.

Boys Visit Clubs

LaSalle has joined the other high schools in the city in sending representatives to the meetings of local civic clubs. Michael McCue attends the Kiwanis Club meetings for LaSalle; Howard Krausman, the Lions Club; and Earl Vandygriff, the Rotary Club.

These senior boys were selected on the basis of their academic records and recommendations from the counselors. The representatives will be changed every eight weeks.

The meetings are all weekly luncheon meetings. The Kiwanis meet on Thursdays; the Lions, on Wednesdays; and the Rotary Club, on Wednesdays. Senior boys are invited to attend in an effort to familiarize them with the organizations.

- Oct. 9 - 16 National Newspaper Week
- Oct. 10 - National Honor Society sweatshirt sale begins
- Oct. 11 - College representative, Indiana University
- Oct. 13 - Football queen chosen
- Oct. 14 - LaSalle vs. Jackson (Jackson Field)
- College representative, Ball State University
- First grading period ends
- Oct. 19 - LaSalle vs. South Central (there, Milltown Field)
- Oct. 22 - P.S.A.T. administered to juniors

TEMPORARY UNIFORMS WILL BE REPLACED

Before school started, LaSalle's band made its first public appearance of the year at Riverview amusement park in Chicago. The band encountered only one problem while preparing for this trip. The new uniforms which had been ordered last year wouldn't arrive until October. To solve this problem, the band members bought LaSalle sweatshirts to use until their uniforms arrived.

The seventy band members hope to have their new uniforms in time for the game with North Liberty on October 29 and for future football shows.

The new uniforms will be basically

a black tuxedo type. The pants will have a red stripe down the legs, and the coat will have red shoulder straps, white braid, and the name LaSalle on the sleeves. For indoor concerts, the band members will merely wear a white shirt and bow tie for the boys, or a white blouse for the girls, with the uniform. For marching, the uniform has a bright scarlet overlay which covers the coat. The overlay will be trimmed in white with a large white "L" on the back, and LaSalle spelled out on the front. To finish off the band from head to toe, each member will wear white spats and a colorful shako type hat with a scarlet plume.

The National Merit semi-finalists discuss their accomplishments. From left to right: Anthony Menyhart, Ann Shelley and Robert Klute.

Seniors Named Semi-finalists

Three LaSalle High School seniors have been named semi-finalists in the 1966-67 Merit Scholarship competition, and one senior has received a letter of commendation. The three semi-finalists are Robert Klute, Anthony Menyhart, and Ann Shelley. The commended student is Patrick Moon.

The semi-finalists are among the highest scoring students in the state on the National Merit Scholarship Qualifying Test, administered last

spring in 17,500 schools across the nation. More than 14,000 semi-finalists were appointed nationwide.

The semi-finalists can rise to finalist stature by receiving the endorsement of their schools, substantiating their qualifying test performance on a second examination, and submitting information about their achievements and interests. Merit Scholars for 1967

EDITORIAL

NATIONAL
NEWSPAPER
WEEK
OCT. 9-15, 1966

Newspapers have become extremely important in the life of man. The first newspaper was of such value that it existed from its beginnings in the 500's until 1935. Because the newspaper has shown such importance (more than 60,000,000 are distributed daily), a National Newspaper Week has been set.

Newspapers have gained popularity since the early 1900's because of new developments in reporting, education, printing, and selling prices. Reporters are much more accurate and unbiased, printing has advanced so much that selling prices are kept low, and the education of newspaper people has brought about a better quality of newspapers.

Communication is also an important factor in the popularity of newspapers. For instance, in some obscure areas of the world, there are no radio or television communications; however, with the publication of newspapers, the inhabitants of these areas communicate with the outside world.

Rather than boring you with numerous statistics and preaching about the importance of newspapers, this writer can simply encourage you to pick up a newspaper and see for yourself how important it is. Or, perhaps you are not "game" enough to try this. You can cut yourself off from all forms of communication (radio, television, etc.). The newspaper can also offer entertainment.

The EXPLORER welcomes you, the students of LaSalle High School, to make your comments about newspapers, be it the EXPLORER, or just newspapers in general.

!!ATTENTION!!

LaSalle Lions merit praise for their school spirit in face of a victory, at the end of a game. When the game has reached a conclusion in favor of the Lions, they are there to readily accept the glory due to them. Yes, it is after a victory that the lions will proudly roar their school song. It is after a victory that the Lions will cheer, clap and assume the social status of king. Enthusiasm, vigor and total support is the response given by the Lions after a victory.

When a game in which the Lions have been defeated has reached a conclusion, they are there to readily walk out. Minutes before the game is over, the LaSalle Lions have the insight, the ability, to judge how the game will end. But, be it not said that the Lions are poor losers! Be it not said that the Lions fizzle out when they are not on the winning side! After all, the cheerleaders are always left to show good sportsmanship. In behalf of the Lions the following can be said: In the face of defeat, the Lions may trip over each other in a mad rush to escape. The students may dissolve into a mob pushing for their goal--the nearest exit. If they were smart, they left before the game was over and beat the confusion and traffic. They may turn their heads on what is their responsibility to stay, and cheer for the defeated Lions on the field who tried. But! They did it with their heads held high! Hooray for the Lions!?

LIONS SPEAK ON FASHION

Our student dress code has always been a controversial issue. What some students think is proper for school wear, others frown upon (especially the new "Mod Look").

I decided to ask some of the students this question: "If you could set the rules for the "Student Dress Code" what would you forbid the students to wear?" Would you permit the girls to wear Mini skirts to school? Should boys be allowed to wear long hair. (It goes so well with the cute little flowered shirts some of them like.)

Let's begin by asking Denny Peterson. "I wouldn't allow long skirts", he said. (One point for the Minis.) "For the guys no white socks and none of that Mod stuff."

Martha McCully wouldn't allow mini skirts but a look around the classroom, especially when the girls are sitting, shows a great majority of girls are all for it. Martha doesn't like to see "the guys" in white socks or madras pants. Flowered ties are out too...and please, no long greasy hair.

Marilee Symon would not permit the boys to look like the girls with their cute little booties and tight hip-huggers. She doesn't approve of those pretty little flowered shirts and long hair. "I prefer a boy who looks masculine. Fashions are fine until the students go too far. I think some of the boys are worse than the girls when it comes to silly FADS." (Good thinking, Marilee.)

Bill Sharp wouldn't allow Madras pants. Bill dislikes flowered shirts too. (I guess flowered shirts have got to go.)

Cindy Dukai believes in a happy medium when it comes to the length of girls skirts. With knee socks, skirts below the knee would look ridiculous. On the other hand, skirts (like the Mini) are not lady-like. Cindy thinks that a girl should look natural and not over-do eye makeup.

If you read the fashion magazines teased hair is out...long hair (for girls only) is in--if it is neat and shiny.

I think that the majority of students at LaSalle dress well. There are a few insecure attention-seekers in the group...Let's hope that they grow up. Fashions can be fun, but remember it isn't clothes alone that make the individual.

L.H.S. TEACHER TRAVELS

Last summer Mr. Hoffman spent his vacation traveling abroad with a group of ten university students. The main attraction of their trip was Poland. Before leaving they spent two weeks in Vermont where Mr. Hoffman taught the students the Polish language. Their first stop was Kopenhagen, after which they traveled to Warsaw, a main industrial city. Their next stop was Krakow, where they lived with Polish families.

Krakow is the second largest city in Poland and a former capitol. The town which dates back to the eleventh century is still intact.

Mr. Hoffman, a LaSalle language teacher, spent the summer in Poland.

One of the most enjoyable parts of the trip, according to Mr. Hoffman, was a three week trip around Poland. While touring the country he met students from other countries including Sweden, Germany, Africa, Asia and Viet Nam. Everyone accepted the habits and customs of others and had fun celebrating each country's holidays. A Communist riot on the American Embassy broke out while the students were visiting in Warsaw. Mr. Hoffman felt that the majority of the people were against the riot, however.

After returning to Krakow, the students made a visit to the former concentration camp called Auschwitz, which serves as a monument of the past.

Mr. Hoffman, who has traveled to East Berlin for three consecutive years, found many changes in the city. He especially noticed that the Communists are attempting to improve the area near the wall, in order to make the city a show place for Communism. Mr. Hoffman noted, however, that the living standards in the city itself have not improved.

FRENCHY

Gallumph, gallumph, gallumph! The mad Russian strikes again. Mad Russian is the new code name for Frenchy. No real indication of what caused the sudden change in patriotism. It must be the dashing picture that I present as I race through the halls in my elephant skin coat and walrus hide boots.

Enough conceit--on to the never ending news of LaSalle. Student council meetings get gayer all the time. Recently, when DAVE JOHNSON asked JERRY REMBLE if he would help, HOWDIE BUNCH came to the rescue. His life-saving words: "JERRY has an ouchie!"

I'll bet that you think that only sophomore boys have insatiable appetites. JAN GERHOLD and MARIANNE WEST get so hungry waiting for third lunch hour that they stage their own feast during fourth hour. SHELLEY CAMPBELL responds to the impatience of her stomach by munching on her sandwich that she keeps in a special compartment of her French book! No, we don't have any problem with mice; our problem is people.

Were they trying the Irish jig in room 226 on September 28? MR. COX stomping his foot and cursing his luck because the fire drill had rudely interrupted his physics test; and TERRY CODDENS jumping up and down and singing, "It couldn't have worked out better if I had planned it!" It's not fair to blame it on the little people, EVERETT BINGHAM, because the leprechaun who pulled the alarm was six feet tall!

The student council's dance came off simply wonderfully. (Check the grammar there; I'M still recovering from trying on eight dozen pairs of loafers to find mine.) JAN KUEHL won the prize for being the first girl to demolish a pair of nylons. It seems that PAT PRITCHARD and a few others demolished both stockings and toes. Great fun to hear 3645 toes wallowing in sticky varnish!

The technical age has gone too far. The public address system balks at playing some of MR. HUGHES' imaginative announcements. Let's all pitch in to pay for psychotherapy for a neurotic computer.

FLASH! Just heard that sophomore girls have had their lunch hour switched from third to first. But now they need their afternoon snack by 1:15!

Au revoir,
Frenchy

Campus Corner

Indiana University, the largest state supported school in Indiana, is located at Bloomington, Indiana. The University is housed on a main campus and on ten branch campuses throughout the state with an annual enrollment of about 36,000.

I.U. offers over 100 basic courses with an average cost of \$1,400 a year including books, tuition, fees, and room and board. It also offers the combined degree programs of the College of Arts and Sciences and Schools of Business, Law, Music, Medicine, and Dentistry. The graduate schools of nursing and optometry, the evening school of law and a special division of social service are located on the main campus as well as the branches.

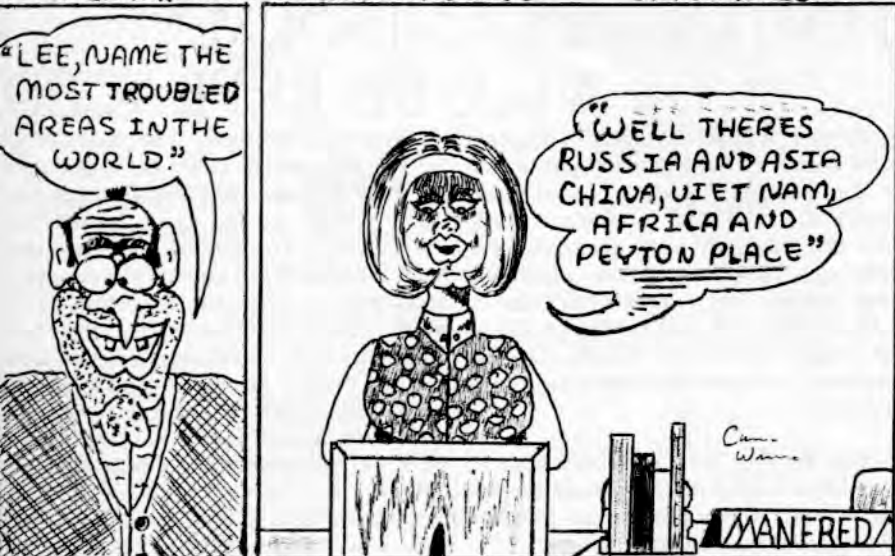

Since the university is such a large one the faculty wants to make sure each student is interested in its activities and that they have no special problems. For this reason I.U. has over ten different counseling and personnel services which the students can take advantage of at any time. Also the university has excellent scholarship opportunities. To be eligible for them you must be in the upper two-thirds of your class and get a reasonably good score on the Scholastic Aptitude Test.

But it is not all work at I.U. There are dozens of sororities and fraternities and clubs to join. In fact these clubs and organizations are recognized as an important part of campus life. Also there is a form of student government through the student Senate which always has the student's interests at heart.

A representative from I.U. will be at LaSalle on October 11. Students wishing to meet with him should register in the office.

A DAY IN MR. MANERED'S HISTORY CLASS!

CHUCK WRIGHT

SENIORS NAMED SEMI-FINALISTS
(continued from page 1)

will then be selected from the finalist group.

High school grades, creative accomplishments, leadership qualities, extracurricular activities, and school citizenship of the students are evaluated, along with their test scores, in selecting Merit Scholars.

To improve the opportunities of financial assistance for those needing aid, N.M.S.C. sends the names of semi-finalists to all regionally accredited colleges and universities, scholarship-granting agencies, and other sources of financial aid. Studies show that about half of the semi-finalists in former years have received aid from sources other than the Merit Program.

In past programs at least 97% of semi-finalists have become finalists. Each finalist receives a Certificate of Merit in recognition of his distinguished performance in the program. Finalists are eligible for the scholarship sponsored by N.M.S. and some 340 corporations, foundations, colleges, unions, trusts, professional associations, other organizations, and individuals.

Names of the Merit Scholars chosen from among the Finalists will be announced around May 3, 1967. The exact number of awards will depend upon the extent of sponsor support.

Each Merit Scholarship is a four-year award covering the undergraduate years of college. The amount of financial assistance is individually determined by the winner's need. For the student already financially able to attend college, the aid may be as little as \$400 for four years. Those with high need may receive the normal maximum of \$6,000 or \$1,500 per year. Winners choose their own colleges and courses of study.

Patrick Moon is among 38,000 students in the United States who scored in the upper two percent of those who will graduate this year. The commended students rank just below the 14,000 semi-finalists.

Only the highest scoring students

LHSians Benefit From Clubs

SOMEWHERE . . . THERE'S A CLUB FOR YOU

Do you enjoy taking it easy? Are you happiest when you have nothing to do? Are you known by your crowd as being lazy and an all-around "party pooper?" Then LaSalle's extra-curricular activities are not, I repeat NOT for you! Our clubs are designed for people who are looking for action and for a place to spend their leisure time. You name it and we've got it! (Well, almost anyway.) If you're in a mood to scout around for a club to join, then let's take a look at what's available.

DRAMA CLUB is a good place to start. With Miss Nykamp and Mr. Luebke as sponsors, it is really going places. If you're a ham, then this is where you belong. This club also gives students a chance to participate in the field of production as well as acting.

You're a chess player you say? I've got just the club for you. Just walk into room 128 and Mr. Hajicek and the rest of the CHESS CLUB will welcome you with open arms. This club meets formally after school and is open to any student. If you already play the game, here's a chance for you to master the game. But if you don't know how to play, come and learn.

Or maybe you're interested in a service club. Then the AUDIO-VISUAL CLUB is just the thing. This club

in each state, the semi-finalists, remain eligible to be considered for Merit Scholarships. Although students receiving letters of commendation advance no further in the Merit Program, their names are reported to other scholarship-granting agencies and to the colleges they named as their first and second choices at the time they took the N.M.S.Q.T. These colleges also receive reports of home addresses, test scores, anticipated college majors, and career intentions of the commended students. N.M.S.C. encourages these students to make every effort to continue their education.

offers you an opportunity to be of real service to LaSalle by running audio-visual equipment for classes here at school. Mr. Hoevel will be glad to see you if you're interested.

You're all thumbs huh? Then the USHERS CLUB is the answer. This service club's main function is to serve at all school activities. Mr. Barkley is waiting to sign up any boys interested.

Want to learn something? FUTURE TEACHERS is your cup of tea. Its members are presented with various aspects of teaching and many branches of this vocational career are explored. Mrs. Heritage is the sponsor and meetings are held during home room in the library conference room. This club is not only educational but fun too!

Bon jour mon amin! You're looking for Madame Guhl so you can sign up for FRENCH CLUB, oui? A very good decision! French Club is a good place to really have fun and get to know some of your fellow 2nd and 3rd year French students. This club is open to all 2nd and 3rd year French students.

If you're planning to send a rocket to the moon sometime in the future, the SCIENCE CLUB ought to interest you. This club is still in the planning stage, but as soon as the details are available, someone will let you know. If you're interested see Mr. Cox.

The next club to be explored is BOOSTER CLUB. If you're a true Lion (rah! rah!) fan then this ought to be right up your alley. Mr. Hughes is the "fearless leader" and this club is really worth your time and effort.

Let's not forget the ART CLUB. Mr. Stivers tells us that it now has a constitution and its first meeting was on Tues. night, the 4th of October. This club is not only for art students, but for anyone who has an interest in art.

I guess that about does it. These are the clubs that are now available at LaSalle. One of them was formed to fit you. So look them over carefully. Well don't just sit there! Find a club and JOIN!!

New Social Studies Teachers At LaSalle

Mr. Shilts and Mr. Murray are two new additions to LaSalle's social studies staff.

Social Studies is a very important part of our life. We cannot avoid it because it can lead to big dreams and high goals. We are fortunate to have a gifted group of teachers in this area. This year, three new teachers were added to the group.

Mr. Murray, graduated from Notre Dame, taught at Root High School in Jacksonville, Illinois, and also at Harrison Junior High here in South Bend. At present, his classes are not working on any special project. He thinks that the modern teenager is definitely aware of today's social and political problems.

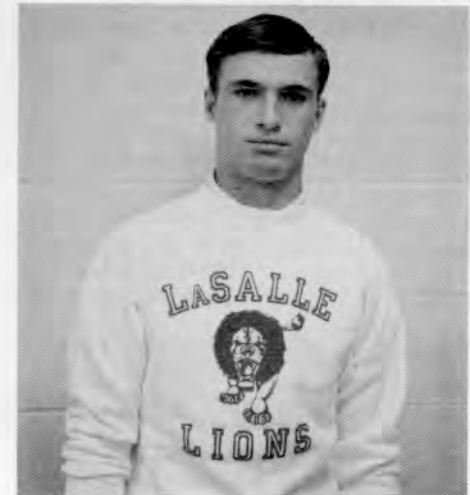

Mr. Shilts, another graduate of Notre Dame, taught in Minnesota for one year and at Washington High School in South Bend. His classes are "always working on something". He does not know if it's special, but the "Lincoln Democrat" is always different. He thinks that the modern teenager is

definitely more sophisticated and much more critical than when he was a student. He is constantly amazed at the way our teens of today can see through a problem.

Mr. Rodin, an Indiana State University graduate, received his Bachelor's Degree in August of 1964, and his Master's in June of 1966. This is his first year of teaching. His classes have been reviewing the regular material in the text book. So far, they have studied the history of the school system, the family, and immigration. He thinks today's teenagers are more aware of the social and political problems around them. Today's teens are "bombarded" by various types of news media and have a greater knowledge of the political and social problems, that not only affect their city but their country and foreign nations as well.

LIONS ROAR TO SECOND WIN OF 1966 SEASON

OPEN "LION" by HJL (A.D.)

WOULD YOU BELIEVE that goose bumps, erections of the vascular protuberances of the dermal layer of Coach Klaybor's sensuous skin, are most prominent during LaSalle pep rallies and incredibly reliable indicators of Lion gridiron success? Twice his papillae erupted to the enthusiastic and deafening roar of the Lions' den; twice his teams came home victorious. Coach, what better time for another epidermal eruption than NOW, during this "LBJ" Week--Let's Beat Jackson!

JIM MAZURKIEWICZ and his ready-and-willing student managerial staff, and the countless hours and miles of scouting put in by the feeder coaches and varsity staff--but I think I've made my point.

LION TALES --- Coaching is a physically and mentally demanding profession. In order to keep in top physical condition, Coaches Teegarden and Vargo have been taking daily sprints around the track but have yet to beat the science department's TURTLE!

BILL "Big things come in small packages" LEE is LaSalle's first and only three-letter award winner. Bill has lettered in football, wrestling and baseball.

The LaSalle Athletic Booster Club is sponsoring an ANNUAL FALL DANCE on Saturday, November 12 at Corpus Christi Hall. Al Molenda's orchestra will play from 9:30 to 12:30. Teachers, see MR. RZESZEWSKI for tickets. Parents may get tickets from any Booster member. The price: \$3.00 per couple.

The person responsible for the "Mr. Clean" look of our football gear and physical education equipment is MRS. BETTY TRZASKOWSKI, our laundress. Welcome to LaSalle, Betty!

LaSalle defeated Marian last week 7-6.

LASALLE TRIPS MARIAN KNIGHTS

The LaSalle Lions roared to their second win in this 1966 football campaign--a 7-6 decision over Mishawaka's newest high school, the Marian Knights, October 1, on Penn's Freed Field.

Each team had its own half, Marian dominating the first half of play as they drove 44 yards in nine plays and finally scored with 1:20 left in the first half when Tony Germano scored on a zig-zag nine-yard run. Bob Andrews' kick was wide to the left and the half ended 6-0.

Several highlights in the first half was Jim Miholich's 32-yard run to LaSalle's 39. Mike Fahey carried for 3 yards but Don Monhaut recovered on the 34 of LaSalle.

Later in the first quarter, Pat McCue raced 59 yards on a punt return but LaSalle again could not get moving. Marian rushed 164 yards in the first half to LaSalle's 5 yards.

In the second half, Coach Klaybor's Lions were out to make sure they did not have another half like the first. They took the kickoff and dug in on their own 27 yard line.

Randy McPhee to Don Newman clicked on some key plays. The Lions marched for five consecutive first downs. Fullback Denny Yost gained 13 yards in two carries before McPhee hit McCue with a 10-yard pass play.

LaSalle gained another first down when Newman caught a 16-yard toss and then scampered ten yards with a screen pass to give the Lions a first down on Marian's 9. On the next play, McPhee hit Newman with a diving touchdown catch. Dan Wojciechowski's kick was good and LaSalle had the lead for good with 6:45 left in the third quarter.

LaSalle's record is now 2-2, while Marian's is 1-4; the Knights have lost those four by a slim margin of 16 points.

Gridders Lose Second Contest

A 2-yard run midway through the fourth quarter proved too much for the Lions as they dropped their second game of the season to the Concord Minutemen, a comeback 14-9 victory at Elkhart, September 23.

The Lions 1-2 record is bettered by the Minutemen's 3-1 standing.

Concord set up the winning score when they had the football on their own 15-yard line and John Beehler let loose with a punt that Chip Newman fumbled on the 49, Jim Laughman recovered.

LeMaster ran outside a few plays later to the Lions' 13. On the next play, a Lion defender was called for interference and the ball ended up on the 6. Two plays later, LeMaster drove for the score.

The Lions had opened the scoring in the first period when Beehler tried to punt but had his kick blocked. Trying to recover the ball, he was tackled in the end zone and the Lions had a 2-point safety and led with about seven minutes left in the quarter.

LeMaster also tallied the first score on a diving plunge from the one with 7:02 left in the first half. Roger Johnson added the kick and the hosts had a

7-2 lead. Near the end of the half, the Lions struck again when Randy McPhee threw a strike to Bill Lee for a 13-yard touchdown pass. Dan Wojciechowski booted the conversion and the Lions led by two.
